

Scouting is adventure !

... and friends and fun

Scouts: friendship, adventure and leadership

Want to develop your confidence and work as part of a team? As a Scout you'll earn essential outdoor safety skills while taking part in a variety of physical and intellectual challenges. Our programs let you develop your own personal interests and enjoy your favourite hobbies.

FRIENDSHIP - Make lifelong friends and get to know each other camping, hiking and sailing. You could even travel to another part of Australia or the world by attending a Jamboree; it's not called the worldwide brotherhood of scouting for nothing.

ADVENTURE - Action is at the core of our activities. Whether tackling a river in a kayak or learning how to set up a tent, our varied activities mean you never stand still! At your weekly meetings you'll learn the skills you need to plan, prepare and go on adventures such as epic bush walks, memorable camping expeditions or fun water activities like kayaking

LEADERSHIP - Scouts is youth-led and adult supported so you'll get to choose what you want to do, with leaders to support and advise you. Scouting is definitely fun, while preparing you for life in the adult world by giving you responsibility for your own actions and progress. Your achievements will lay the foundation for your future success.

Our main hall is located at 19 Centenary Avenue, Wilson
